Its primary mission is to scout out enemy fleet positions. It is equipped with two sensor scopes that provide long range map data, one that shows the battlefield in detail, and a second that offers a three dimensional view. The ship carries a crew of 1 and has an armament of 2 Medium Plasma Cannon and 2 Plasma Turrets. They are meant to be stationary and stationary scouts are usually found just outside the corvette's position in a pod (otherwise known as a Sensor Pod). They are not meant to be the main ship of a fleet and they have a rather short ranged sensor network. The ship can be hit by a heavy weapon or a magazine or even a single weapon shot, with serious damage or even lethal results. The player can choose between two types of scouting vessels. The PDA can only be used by a Class1 ship, the other type can be used by both classes of ship. These two types are described in the tables below. Seed Genesis PDA Description The PDA is a medium sized scout ship capable of moving up to 2.5 kts. It carries sensors and consumables for short range work as 82157476af
